2017 ALL MAJORS CAREER FAIR

September 18 – 19, 2017
GT Campus Recreation Center
9:30 AM – 4:00 PM

Student Program Day 2
Students: NO Backpacks will be permitted inside the CRC in the Career Fair area.

Requirements to Attend:

- **Students DO NOT need to pre-register for the Career Fair.**
- Just come to the CRC on the day of the Career Fair with your buzzcard or GTID number.
- **Students are required to dress in business formal attire to gain entry to the fair.**
  Heels will be allowed at the Career Fair this year. Yes ladies, you read that correctly.
- **The Georgia Tech Fall Career Fair is open to all Georgia Tech students, faculty, staff, and alumni.**
  Those not affiliated with the institute will not be permitted to attend.

What to Bring:

- **Smartphone**
  This year we will be providing the Careers by Symplicity App, a smartphone app that allows students to have company locations, floor plan, event details, announcements, and
more at their fingertips. The app is available for download on the Apple App Store and Google Play Store and career fair information will be available to you closer to the event.

- **Notebook and Pen/Pencil**
  With over 200 companies in attendance each day, you may need to take notes. Space will be allocated in the student newspaper for note taking, but supplies will be limited.

- **Several copies of your resume**
  Copy machines will not be available for students in the CRC. Make sure to bring enough copies of your resume to leave with recruiters.

- **Your buzzcard**
  You will need this to gain entry to the fair. If you no longer have a buzzcard, your GTID number will suffice.

**Campus Recreation Center (CRC) Career Fair Map**
## Employers Attending Day 2 of the Career Fair (September 19, 2017)

Aaron's

**Day Attending:**  Day 2 - Tuesday, September 19th

**Booth Location:**  G17

**Overview:**

We're not the slow, old-fashioned retail IT shop you think we are. We used to be, but those days are long gone. In fact, we don't even think of Aaron's as a retail company. Instead, we think of Aaron's as a technology company that happens to lease furniture, electronics, and appliances.

This way of thinking has demanded a massive shift in who we hire, how we organize and lead our teams, and how we deliver our services.

It's pretty simple: We hire smart people who are motivated by delivering big, impactful results, we point them at big problems to solve, and we get out of their way.

**Location:**  Kennesaw, Georgia

**Website:**  http://Aarons.com

**Industry:**  Retail/Wholesale

**Majors Recruited:**

**Work Authorization Desired:**  US Citizen, Permanent Resident (U.S.)

**Degree Levels Recruited:**  Bachelors, Masters

**Work Authorization Desired:** US Citizen

**Degree Levels Recruited:** Bachelor's, Master's, Doctorate

**Position Types Recruited:** Professional Full Time Position, Internship Position, Co-op Position, Master's, PhD, & MBA Internship/Co-op Position

---

**Advanced Technology Development Center (ATDC)**

**Day Attending:** Day 2 - Tuesday, September 19th

**Booth Location:** C15

**Overview:**

Want to experience working at a startup? The Advanced Technology Development Center (ATDC), a program of the Georgia Institute of Technology, is the State of Georgia's technology startup incubator. ATDC's mission is to work with entrepreneurs in Georgia to help them learn, launch, scale, and succeed in the creation of viable, disruptive technology companies. Founded in 1980, ATDC is the one of the longest running and most successful university-affiliated incubators in the United States. ATDC has fostered innovation and economic development in Georgia by graduating more than 170 companies from its rigorous ATDC Signature program. Collectively, those ATDC graduates have raised more than $2 billion in investment financing and generated more than $12 billion in revenue in the State of Georgia.
**Location:** Atlanta, Georgia

**Website:** http://www.atdc.org

**Industry:** Business and Management, Computers, Engineering, Entrepreneurial/Start-Ups, Health Care, High Tech/Information Technology, Information Security and Technology, Insurance, Internet and Web Development, Natural Resources and Green Technology and Sustainability, Technology

**BP America**

**Day Attending:** Day 2 - Tuesday, September 19th

**Booth Location:** J2, J3

**Overview:**

BP is the largest producer of oil and gas in the US, and one of the largest in the world. We employ over 80,000 people and operate in over 80 countries worldwide. We own multiple refineries around the globe, a fleet of more than 80 ships and 25,000 miles of pipeline. We explore and produce in Arctic conditions, and operate onshore and in deepwaters. And we do it all with one thing in mind: to provide heat, light and mobility to people without compromising the planet.

We are also among the world's most progressive large enterprises. In 1997, we were the first major energy company to acknowledge the need for precautionary action to reduce greenhouse gas emissions. Today BP continues to lead the effort to meet the world's growing demand for sustainable energy.
Here at BP, we're proud o

Honda Aircraft Company

**Day Attending:**  Day 2 - Tuesday, September 19th

**Booth Location:**  G15

**Overview:**

The Power of Dreams At Honda, we believe in the power of dreams as an astonishing force that inspires innovation and drives accomplishment. Our dreams compel us to design with wonder and engineer with science. For sixty years we have channeled the power of dreams toward a common goal: advancing human mobility. Honda Products have moved millions of people from place to place all over the world. But the dawn of a new century brought with it a new dream to expand our definition of mobility beyond the bounds of land and sea. We sought the sky. With HondaJet we achieved it. HondaJet marks a new era in our company's history, an era in which the power of dreams will define the future of aviation and introduce a more advanced way to fly. We welcome you to join us.

**KLA-Tencor**

**Day Attending:** Day 2 - Tuesday, September 19th

**Booth Location:** I2

**Overview:**

Who are we? We research, develop, and manufacture the world's most advanced inspection and measurement equipment for the semiconductor and nanoelectronics industries. We enable the digital age by pushing the boundaries of technology, creating tools capable of finding defects smaller than a wavelength of visible light. We create smarter processes so that technology leaders can manufacture high-performance chips—the kind in that phone in your pocket, the tablet on your desk and nearly every electronic device you own—faster and better. We're passionate about creating solutions that drive progress and help people do what wouldn't be possible without us.
Koning Corporation

Day Attending: Day 2 - Tuesday, September 19th

Booth Location: A12

Overview:

Koning Corporation develops and manufactures advanced medical imaging systems for breast cancer detection using cone-beam CT technology. This revolutionary technology provides true 3D images for early breast cancer detection.

Koning's vision is to fundamentally change how breast cancer is detected, with earlier diagnosis, increased patient comfort and lower costs. Our hope is to be able to improve survival rates and outcomes for millions of patients.

Koning Corporation’s core technologies are protected by over 80 patents globally, and has received regulatory approval in the US (FDA), Europe (CE-Mark), China (CFDA), Australia (TPG), and Canada (Health Canada).

Merck & Co., Inc.

**Day Attending:** Day 2 - Tuesday, September 19th

**Booth Location:** F22

**Overview:**

The MMLDP is a three-year opportunity to experience the core work necessary to manufacture and supply Merck’s products. Each employee will have three, one-year rotations aligned to either a technical, business or operations focus. This track design enables deeper understanding to accelerate contribution. Throughout the program, a deliberate learning and development plan is applied to supplement the rotational experiences, specifically to fortify professional and leadership skills. Bi-annual program meetings and a cohort project complete the design to facilitate a breadth of understanding for each MMLDP member. A mentoring program is provided at three levels to coach each MMLDP member in career and leadership development. Upon completing the program, MMLDP members apply to jobs in MMD

Micron Technology, Inc

Day Attending: Day 2 - Tuesday, September 19th
Booth Location: F5

Overview:

For more than 30 years, Micron's teams of dreamers, visionaries, and scientists have redefined innovation-designing and building some of the world's most advanced memory and semiconductor technologies.

In fact, you likely use our memory every day-in products from computing, networking, and server applications, to mobile, embedded, consumer, automotive, and industrial designs. We continually rethink, recast, and advance new ideas to bring innovation to broader markets and find ways our technology can inspire new applications or make fundamental improvements to existing designs. We'll
continue to build on our past achievements by leveraging the synergies between our core memory business and diversified products and technologies that help drive innovation and growth in new markets.

**Nashville Electric Service**

**Day Attending:** Day 2 - Tuesday, September 19th

**Booth Location:** E18

**Overview:**

About NES

Nashville Electric Service is one of the 12 largest public electric utilities in the nation, distributing energy to over 380,000 customers in Middle Tennessee. Since 1939, we have been committed to providing safe and reliable power in a financially responsible way.

Providing Reliable Power
NES is among only four percent of all public utilities in the country to receive the Reliable Public Power Providers Diamond Award, the industry's highest honor for offering safe and reliable electricity to customers.

One major factor in providing continuous power is regular tree maintenance near power lines and electrical equipment. Learn more about our trimming guidelines.

**Teach For America**

**Day Attending:** Day 2 - Tuesday, September 19th

**Booth Location:** E17

**Overview:**

We recruit remarkable and diverse individuals to become teachers in low-income communities. They commit to teach for two years and are hired by our partner public schools across the country. We train and support corps members in the practices of great teachers and leaders. With hard work, perseverance, and strong partnerships with their students, students’ families, and communities, corps members can dramatically increase the opportunities available to their students in school and in life. Corps members don’t just teach their students, they learn from them. At the end of two years, they use those lessons to choose their path forward. Many stay in the classroom. Others move into politics, school leadership, nonprofit work, advocacy, and more - to ensure all kids access to a great education.

U.S. Army Engineering & Support Center, Huntsville

**Day Attending:**  Day 2 - Tuesday, September 19th

**Booth Location:**  A8

**Overview:**
The US Army Engineering and Support Center provides specialized technical expertise, global engineering solutions, and cutting edge innovations through centrally managed programs.

We support missions that require unique technical expertise in programs that are generally national or very broad in scope - tasks that require a centralized management structure, integrated facilities or systems that cross geographic division boundaries; and tasks that require commonality, standardization, multiple-site adaption or technology transfers.

Unlike the Corps' traditional organizations, the Center is not tied to water or other geographic boundaries and provides specialized support to all of the Corps' divisions and districts throughout the world.

Vectorworks, Inc.

Day Attending:  Day 2 - Tuesday, September 19th

Booth Location:  G11

Overview:

VECTORWORKS STORY

Vectorworks cares about design. Since 1985, we have served the architecture, landscape, and entertainment industries, drawing inspiration from the world around us and encouraging the more than 650,000 designers who use our software to create experiences that transform the world.

Our commitment to develop the world's best cross-platform CAD and BIM software has taught us a simple truth: great design begins with the inspiration of the designer. Vectorworks supports that inspiration by guiding the exploration of discovery and finding creative solutions. We provide powerful tools to help designers capture ideas, nurture innovation, communicate effectively, and realize their vision.
We serve those who desire to create experiences that are memorable and build things that tru

Virginia Systems & Technology

Day Attending:  Day 2 - Tuesday, September 19th

Booth Location:  H17

Overview:

VaST is a small company of approximately 125 employees founded in 1999, and is incorporated under the laws of the Commonwealth of Virginia. Our headquarters are located in Warrenton, Virginia; however, our employees work throughout the U.S. and around the globe. Though VaST is a geographically diverse company, we work hard to make sure that all of our employees know that they are part of a VaST family. VaST employees are, in essence, the company itself.

VaST is 100% employee owned. We are an elite company that values our employees and our clients ahead of all else. We pride ourselves in maintaining the highest reputation within our community and are continually relied upon to solve the most difficult problems. VaST has employed a careful, slow growth model to protect our noteworthy s
